**\*MYON Reading Development** uses the MYON reading program to encourage students to increase their reading skills, and is supported by our current benchmark testing system, STAR 360.

**\*\*English Writing Workshop:** Designed to give weekly practice for the Writing Process. Providing 2 periods allows students to maximize their understanding of the complete process. This process includes brainstorming, rough draft, revise, edit, and publish.

**\*\*\* Academic Support:** Students develop further ELA skills including essay-writing, presentation skills and note-taking skills.

**\*\*\*\*Art** is a 2-period weekly class to allow students sufficient time to fully complete the several stage of an art project, including: learning about the artist and technique, planning a design of their own, selecting necessary supplies, completion of the art design, clean up of materials, and self-assessing their work.
