Sunday January 31, 2022

Dear parents and guardians of G3 Lane Homeroom class,

We would like to inform you all that today we have a confirmed positive COVID-19 test result in G3. We have consulted with the Ministry of Public health, as well as our own COVID-19 safety policies regarding next steps. Due to the last date of exposure for students being Friday January 28th, the class will close for 1 day, on Monday January 31, 2022 and class will resume onsite beginning Tuesday February 1, 2022. While the class is closed, lessons with Mr. Lane, specials and language class for G3 will be conducted online through live lessons, according to our “on-campus” schedule. Students in G3 who test negative for COVID-19 on Monday evening may return to onsite learning on Tuesday February 1, 2022.

While the classroom is closed, the following actions will be taken according to our COVID-19 safety guidelines:

1. All materials in the classroom will be cleaned with Dettol cleaning solution.
2. The classroom will be sanitized using our UVC cleaning light.
3. The windows will remain open and air conditioners will remain turned off to promote healthy air flow.

High risk students (who will be notified privately by ACIS) will remain at home and learn online until Monday February 7th and be allowed back on campus with a negative ATK test result. For more information regarding identifying whether or not you or a family member may be considered high risk or low risk of contracting COVID-19, please contact your local hospital.

Sincerely,
ACIS Administration Team
